NEWS UPDATES:

DNREC'S SCRAP TIRE DROP-OFF DAY IN MIDDLETOWN NETS OVER 18 TONS OF TIRES; MORE THAN 10,000 TIRES RECYCLED ACROSS STATE THROUGH SIX EVENTS TO DATE – DNREC's most recent Scrap Tire Drop-off event netted 18.30 tons of scrap tires – or almost 1,500 old passenger vehicle tires that could have ended up in an unsightly, mosquito-infested pile or left to take up valuable landfill space. The June 25 event at Delaware Department of Transportation's Area 9 maintenance yard provided Delaware residents with the opportunity to recycle scrap tires free of charge and help reduce the environmental and health hazards of scrap tires in our communities. The six drop-off events over the last two years have collected more than 10,000 scrap tires. Residents from each of Delaware's three counties have responded to DNREC's recycling program by turning up with large numbers of their old tires for recycling. For additional information, please contact Crystal Smith at (302) 739-9403 or visit: <http://www.dnrec.delaware.gov/News/Pages/Latest-DNREC-Scrap-Tire-Drop-Off-Day-nets-18-tons-old-tires.aspx>

UPCOMING AIR, WASTE & WATER-RELATED HEARINGS, MEETINGS & EVENTS:

LEGAL NOTICE PUBLIC HEARING – The Division of Air Quality (DAQ) will conduct a public hearing on a proposed amendment to Regulation 1138, Emission Standards for Hazardous Air Pollutants for Source Categories. In 2001, Delaware adopted by reference the federal Maximum Achievable Control Technology (MACT) standard applicable to halogenated solvent cleaning operations (40 CFR Part 63 Subpart T) as Section 8.0 of Regulation 1138. Since that initial adoption, the EPA has revised this federal MACT standard several times. The most significant of these revisions was the adoption of facility-wide 12-month rolling total halogenated solvent emission limits (72 FR 25138, May 3, 2007). This more stringent requirement was incorporated into the federal MACT standard after the EPA determined that following the full implementation of the MACT requirements, the original MACT requirements did not protect the public's health with an ample margin of safety, as required under the Clean Air Act. Delaware is proposing to amend Section 8.0 of Regulation 1138 by adding the facility-wide emission limits and their associated monitoring, recordkeeping and reporting requirements that the EPA promulgated on May 3, 2007. The public hearing on this proposed amendment to Section 8.0 of Regulation 1138 will be held on Wednesday, August 24, 2011, beginning at 6:00PM in the DNREC's Richardson and Robbins Auditorium, 89 Kings Highway, Dover, DE. For additional information please contact Jim Snead at (302) 323-4542 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1164&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PUBLIC HEARING PROPOSED REVISION TO 7201 REGULATIONS – The Division of Water and the Department of Agriculture will conduct a public hearing on the Proposed Revision to 7201 Regulations Governing the Control of Water Pollution, Section 9.5 Concentrated Animal Feeding Operations. Notice is hereby given that there will be a public hearing on Thursday, August 25, 2011 beginning at 7 PM at the Delaware Department of Agriculture Conference Center, located at 2320 South DuPont Highway, Dover 19901. The purpose of the hearing is to consider the adoption of regulations concerning Concentrated Animal Feeding Operations. For additional information, please contact Mark Davis at (302) 697-6287 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1162&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

NUTRIENT MANAGEMENT PROGRAM PUBLIC HEARING - The Division of Water and the Delaware Department of Agriculture will conduct a public hearing on the Proposed Revision to 7201 Regulations Governing the Control of Water Pollution, Section 9.5 Concentrated Animal Feeding Operations. Notice is hereby given that there will be a public hearing on Thursday, August 25, 2011 beginning at 7 p.m. at the Delaware Department of Agriculture Conference Center, located at 2320 South DuPont Highway, Dover, Delaware 19901. The purpose of the hearing is to consider the adoption of regulations concerning Concentrated Animal Feeding Operations. These regulations have been developed pursuant to 3 Del. C. §2201-2290 and 7 Del. C. §6000 et.al. and under DNREC's delegated authority. These statutory and regulatory authorities establish the requirement that a National Pollutant Discharge Elimination System (NPDES) permitting program for Concentrated Animal Feeding Operations (CAFOs) be implemented. These regulations will function as the baseline CAFO standards for compliance of CAFO NPDES permits applicable to certain farms. Comments may be submitted until August 31, 2011. For additional information, please contact Mark Davis at (302) 697-6287 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1182&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

BROWNFIELDS ADVISORY COMMITTEE – The Brownfields Advisory Committee that provides input to DNREC regarding brownfields-related issues and assist in amending HSCA and the Delaware Regulations Governing Hazardous Substance Cleanup, as appropriate will hold their quarterly meeting on September 1, 2011, 9:00am – 12:30pm at the DNREC Lukens Drive Field Office, 391 Lukens Drive, New Castle - DE, 19720. For additional information, please contact Christina Wirtz at (302) 739-2600 or visit: <http://calendar.delaware.gov/eGov/Calendar.nsf/Meetings/AF656AD094A44852852578AB0071A7FE?open>

DOCUMENTS AVAILABLE FOR PUBLIC COMMENT OR APPEAL:

LEGAL NOTICE –The following have submitted applications:

WELL PERMITS -

William O'Day needs to construct an irrigation well. The well is to be 90' deep and 10 inches in diameter. The site is located on the south side of Woodpecker road and west Rt 76. The well is 4.5 miles southwest of Seaford. The desired capacity of this well is 600 gpm.

State of Delaware has requested to reclassify a test well to a production irrigation well. The well is 160' deep and 10 inches in diameter. The well is located on Cr 271 on 48 acres. The well will pump 400 gallons per minute. The well is located about 2 miles north of Rehoboth Beach.

Sussex County needs to install a dewatering system for 200 points at a time that are 18' deep and 1.5 inch casing. The purpose of the project is to install sewer in the White Neck Village Subdivision. The site is located on Cr 347, from Victoria to James Robinson streets, in the town of Millville. The desired capacity of the system is 555 gpm.

Shoreview Development Corp. needs to construct an agricultural well. It will be 80' deep and 4 inches in diameter. The location will be near the pond in the Shoreview Woods subdivision west of Hudson Road. The site is 4 miles south west of Lewes. The capacity of this well is 60 gpm.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received within by August 22, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1194&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Edwin & Sue Hudson needs to construct an irrigation well. The well is to be 90' deep and 8 inches in diameter. The site is located on the north side of Rt 54 and west Whitesville road. The well is a mile east of Selbyville. The desired capacity of this well is 600 gpm.

Harley Development LLC needs to install a dewatering system for 300 points that are 20' deep and 1.5 inch casing. The purpose of the project is to install sewer in the Goldsboro Farm Subdivision. The site is located on Fieldsboro Road and east of Rt 13. The site is 3 miles south of Odessa. The desired capacity of the system is 300 gpm.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received within by August 29, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1205&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

WATER ALLOCATION PERMITS

Tidewater Utilities has requested a modification of its public water allocation for the Camden District, south of Dover. The allocation remains at 2,232,000 gallons per day (gpd), but the withdrawals from Camden Park will be increased to 151,200 gpd, Jonathan's Landing will be increased to 2.16 million gpd and Royal Grant will be increased to 619,200 gpd.

Elva Warren has requested an irrigation allocation permit for her farm operation. The requested rate is for 1440,000 gpd from one well on Cr 285. The property is outside Felton.

Vogl Brothers has requested an irrigation allocation permit for his farm operation. The requested rate is for 1,728,000 gpd from three wells on Cr 277. The property is 3 miles southwest of Harrington

James Cannon Jr. has requested an irrigation allocation permit for his farming operations. The requested rate is for 1,569,600 gpd from 8 wells on county roads 114 and 308. The property is south Farmington.

Richard Sapp has requested an irrigation allocation permit for his farming operations. The requested rates are 4,032,000 gpd from 3 surface intakes, and 7,344,000 from 6 wells on county roads 116 and Rt 14. The properties are around the areas of Harrington.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received within by August 29, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1205&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FORMAL VARIANCE

David Coar representing Coar Leasing Inc. has applied for a Formal Variance under Section 11.00 of The Regulations Governing the Construction and use of Wells to construct a public well to serve a day care facility. The property is located on the south east side of Sand Hill Road, north of Federalsburg Road Georgetown tax map parcel 1-35-15-38.01.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received within by August 29, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

PUBLIC NOTICE PERMITS PENDING – The Solid Hazardous Waste Management Section hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

A-1 Services General, LLC; American Disposal Systems, Inc.; EDP, Inc., dba EDP Transport; Environmental Waste Minimization, Inc.; Franchi Demolition & Excavating, Inc.; Hockessin Sanitation, Inc.; Homecraft, Inc.; J&D Trucking, Inc.; John R. Savoy Enterprises, Inc.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by August 18, 2011. For additional information please contact Kenneth F. Green at (302)739-9403 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1192&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Curran Contracting, Inc.; D&D Contractors, Inc.; Diamond Materials, LLC; Maumee Express, Inc.; Miller Environmental Group, Inc.; R.P. Blair Equipment Rental, Inc.; RSO, Inc.; Republic Environmental Systems (TG), LLC; T.K. Lindsey Company, Inc.; TLJ Recycling & Container Services, LLC; Technivate, Inc.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by August 25, 2011. For additional information please contact Kenneth F. Green at (302)739-9403 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1199&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

SURFACE WATER DISCHARGES SECTION - NPDES PERMITS – The Division of Water hereby gives notice that The Board of Public Works of the City of Lewes has applied for re-issuance of its National Pollutant Discharge Elimination System permit ("NPDES" Permit No. DE 0021512 and State Number WPCC 3075G/74) to discharge treated wastewater to the Lewes segment of the Lewes-Rehoboth Canal from their sanitary wastewater treatment facilities located on American Legion Road in Lewes. On the basis of a preliminary staff review and application of lawful standards and regulations, the Department proposes to re-issue the referenced permit, subject to certain effluent limitations and conditions. A public hearing on the above will NOT be held unless the Secretary of DNREC receives a request by August 19, 2011. For additional information, please contact Anthony Hummel at (302) 739-9946 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1170&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NON-HAZARDOUS LIQUID WASTE TRANSPORTERS PERMIT - The Jones Boys has applied to the Ground Water Discharges Section for a renewal of Non-Hazardous Liquid Waste Transporters Permit DE WH-018 which allows for the transport of septage and holding tank waste to be disposed of at the City of Seaford Wastewater Treatment Facility. A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing by August 22, 2011. For additional information, please contact Jennifer Owens at (302) 739-9948 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1189&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE SPRAY IRRIGATION PERMIT - Hometown Angola Beach, LLC has applied to the Ground Water Discharges Section for a construction permit to modify an existing wastewater treatment and disposal facility known as Angola Estates

Wastewater Treatment Facility currently permitted by State of Delaware Spray Irrigation Permit Number LTS 5013-86-05. The application requests to raise the berms of the three ponds to create more emergency storage. The application also requests to line the ponds with a membrane liner and to replace the existing aeration diffusers in the treatment pond with two floating aerators and one floating mixer to disperse the oxygen. Angola Estates Wastewater Treatment Facility is a domestic wastewater treatment and spray irrigation facility serving Angola Beach and Angola Estates developments. The facility is located west of County Road 278 and south of County Road 277. The 8.4 acres of spray irrigation fields are located on Suburban Drive adjacent to the office and clubhouse in the Angola Estates development. A public hearing on the above application will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by August 25, 2011. For additional information, please contact Jennifer Owens at (302) 739-9948 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1197&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PUBLIC HEARING FOR PROPOSED WANDENDALE WASTEWATER

TREATMENT FACILITY - Notice is hereby given that Tidewater Environmental Services, Inc. has applied for a permit to construct an On-Site Wastewater Treatment and Disposal System for the proposed Wandendale Regional Wastewater Treatment Facility. The On-Site Wastewater Treatment and Disposal System will be constructed in 12 phases, and will be designed to treat and dispose of 1,450,000 gallons of wastewater per day at build-out. The proposed On-Site Wastewater Treatment Facility will be located on both sides of Route 24 and Camp Arrowhead Road, south of Love Creek. Pursuant to 7 Delaware Code, Chapter 60, Section 6006, the Division of Water will conduct a public hearing concerning the application to construct the Wandendale On-Site Wastewater Treatment and Disposal System on Wednesday August 31, 2011 at 6 p.m. in the Auditorium at Cape Henlopen High School, 1250 Kings Highway, Lewes. It is requested that those interested in presenting statements register in advance by mailing their written statements by August 27, 2011, addressed to the Division of Water, Ground Water Discharges Section, 89 Kings Highway, Dover, Delaware, 19901. For additional information, please contact Derrick Caruthers at (302) 739-9948 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1190&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

BROWNFIELDS DEVELOPMENT PROGRAM – The Division's Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties which may be contaminated. A party seeking to develop such a property negotiates with the Division's Site Investigation and Restoration Section (SIRS) for a Brownfields Development Agreement (BDA) or a Brownfields Voluntary Cleanup Program (VCP) Agreement to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. For site-specific information on the following sites, please see SIRS's superfund site files database at: <http://docs.dnrec.delaware.gov/sirbsitefiles.cfm>.

FINAL PLAN OF REMEDIAL ACTION FOR 900 SOUTH FRANKLIN STREET DE-1458

- The Site Investigation and Restoration Section (SIRS) has adopted a plan to clean up the 900 South Franklin Street site in Wilmington, DE. The 0.58 acre site is a vacant lot that may have had a former residence that was historically demolished. Several locations at the site have been filled with debris. The site does not pose an unacceptable risk for the proposed commercial redevelopment. An Environmental Covenant will be placed on the site to limit it to commercial use. No other remedial actions will be required for the site. The public may appeal this final plan until August 20, 2011. For additional information, please contact Todd Keyser at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1183&Source>

[=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A](http://www.dnrec.delaware.gov/Lists/Public%20Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A)

PROPOSED BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE FORMER COMMONS BOULEVARD SUNOCO SITE (DE-1514)

The Site Investigation and Restoration Section (SIRS) negotiated a Brownfields Development Agreement (BDA) with 7 Commons LLC regarding the Former Commons Boulevard Sunoco Site (Site) located at 7 East Commons Boulevard Road in New Castle. Known by New Castle County as tax parcel number 10-013.00-019, the 2.57 acre Site may have had a release of hazardous substances as a result of past use including use as a gas station. SIRS invites written public comments on this BDA. The public comment period begins on August 1, 2011 and will close on August 22, 2011. For additional information, please contact Stephanie Scholl at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1184&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF NEGOTIATIONS AND PUBLIC COMMENT PERIOD FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR FORMER S. DUPONT SHELL STATION SITE (DE-1510)

The Site Investigation and Restoration Section (SIRS) negotiated a Brownfields Development Agreement (BDA) with 178 Associates LLC for the Former S. DuPont shell Station Site located at 178 S. DuPont Highway in Wilmington. Known by New Castle County as tax parcel number 10-030.00-029, the 1.34 acre Site may have had a release of hazardous substances as a result of past use as a gasoline station and fuel oil storage and dispensing facility. The Tank Management Section (TMS) managed the Site and is known by TMS as 3-00095 and 3-000203DNREC invites written public comments on this BDA. The public comment period begins on August 3, 2011 and will close August 22, 2011. For additional information, please contact Wendy March at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1186&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF PUBLIC COMMENT PERIOD FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE FRANKLIN FIBER PARKING SITE (DE-1511)

The Site Investigation and Restoration Section (SIRS) negotiated a Brownfield Development Agreement (BDA) Franklin Fibre-Lamitex Corporation regarding the Franklin Fiber Parking Site (Site) located at 909 E. 14th Street in Wilmington. Known by New Castle County as tax parcel number 26-036.20-205, the 0.05 acre Site may have had a release of hazardous substances as a result of past use as a railroad bed and its close proximity to the Wiley Cork Site (DE-0324) and the Diamond State Salvage Site (DE-0281). A Phase I Investigation on adjacent parcels indicated potential impacts from historic filling. The public comment period begins on August 10, 2011 and will close on August 29, 2011. For additional information, please contact Robert Asreen at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1196&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE HARRY WOOD LANDFILL (OU-1)

DE-1493 - The Site Investigation has adopted a plan to clean up the Harry Wood Landfill Operable Unit 1 (OU-1) site in New Castle. The 13.91 acre site is a wooded to open lot that is adjacent to a former landfill used by several local chemical plants. OU-1 was not used as a dump but is part of the same parcel as the landfill. The site does not pose an unacceptable risk for the proposed church facility (residential) redevelopment. Coordination with the Voluntary Cleanup Program work being performed adjacent to the redevelopment will occur. No other remedial actions will be required for the site. The public may appeal this final plan by August 30, 2011. For additional information, please

contact Todd Keyser or Robert Newsome at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1198&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE CHRYSLER NEWARK ASSEMBLY PLANT SITE (OU-1) (DE-0105) - The Site Investigation and Restoration Section (SIRS) has adopted a plan regarding the clean-up of Operable Unit 1 of the Chrysler Newark Assembly Plant Site located in Newark. The Site is owned by 1743 Holdings, LLC, a wholly-owned subsidiary of the University of Delaware. The Site is being redeveloped as the future location of the University of Delaware's Science and Technology Campus. The Final Plan for OU-1 requires: 1. Recording of an Environmental Covenant on the property deed. The Covenant will a) prohibit the installation and use of groundwater wells for drinking water purposes without the prior written approval of DNREC, b) identify the Site as located within a Groundwater Management Zone, and c) restrict the property to non-residential use, 2. Development and implementation of a DNREC-approved Long Term Stewardship (LTS) Plan. The LTS Plan will detail the groundwater monitoring network and schedule to be followed in order to monitor the attenuation of the groundwater COCs, and 3. Development and implementation of a Contaminated Materials Management Plan (CMMP) to ensure that contaminated materials encountered during intrusive activities are handled properly. The public may appeal this final plan until September 3, 2011. For additional information, please contact Lindsay Hall, Wendy March or Robert Newsome at (302) 395-2600 or visit:

FINAL PLAN OF REMEDIAL ACTION FOR THE CHRYSLER NEWARK ASSEMBLY PLANT SITE (OU-8) (DE-0105) - The Site Investigation and Restoration Section (SIRS) has adopted a plan regarding the clean-up of Operable Unit 8 of the Chrysler Newark Assembly Plant Site located in Newark. The Site is owned by 1743 Holdings, LLC, a wholly-owned subsidiary of the University of Delaware. The Site is being redeveloped as the future location of the University of Delaware's Science and Technology Campus. The Final Plan for OU-8 requires: 1. Recording of an environmental covenant on the property deed. The covenant will: a) prohibit the installation of groundwater wells for drinking water purposes without the prior written approval of DNREC and b) identify the Site as located within a Groundwater Management Zone, 2. Development and implementation of a DNREC-approved Long-Term Stewardship (LTS) Plan. The LTS Plan will detail the groundwater monitoring network and schedule to be followed in order to monitor the attenuation of the groundwater COCs and, 3. Development and implementation of a Contaminated Materials Management Plan (CMMP) to ensure that contaminated materials encountered during intrusive activities are handled properly. The public may appeal this final plan until September 3, 2011. For additional information, please contact Lindsay Hall, Wendy March or Robert Newsome at (302) 395-2600 or visit:

FINAL PLAN OF REMEDIAL ACTION FOR THE GROWMARK FS MILFORD SITE (DE-1326) - The Site Investigation and Restoration Section (SIRS) has adopted a plan to clean up the Growmark FS Milford Site located at 308 and 508 Northeast Street in Milford. The approximately 9-acre property has offices and a warehouse. Groundwater at the Site is impacted by methyl tertiary butyl ether (MTBE), ethylbenzene, xylenes, naphthalene and 2-methylnaphthalene, and nitrate nitrogen. However, numerous groundwater sampling events have demonstrated that contamination is not leaving the site. The final cleanup will be to restrict groundwater use at the Site. The restriction will be removed after the groundwater at the site is determined not to be a health risk. The public may appeal this final plan until September 3, 2011. For additional information, please contact Rick Galloway or Robert Newsome at (302)395-2600 or visit:

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the “draft/proposed” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit may be inspected at the offices of the Division of Air Quality, 655 S. Bay Road, Dover and 715 Grantham Lane, New Castle. To submit comments, for additional information or for an appointment to inspect the application, please contact Joanna Austin at the Dover Office at (302) 739-9402.

FEDERALLY ENFORCEABLE 7 DE ADMIN. CODE 1102 APPLICATIONS -

Notice is hereby given that University of Delaware having a facility at 192 South Chapel Street, Newark has requested a federally enforceable 7 DE Admin. Code 1102 construction permit for an emergency generator rated at 2000 kW. The engine used in this generator set complied with US EPA regulations under the provision of 40 CFR 89, Non Road Tier emission limits. The permit will limit NOx emissions to 1.15 tons per year and fuel usage up to 7,365 gallons per year. Upon completion of construction, the Department will incorporate the operating conditions and limits of the 7 DE Admin. Code 1102 Construction permit into the facility's existing Title V permit AQM-003/00022(Renewal 2) via an Administrative Amendment. A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request by September 6, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1191&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

7 DE ADMIN. CODE 1102 NATURAL MINOR PERMIT APPLICATIONS -

Notice has been given that Diamond State Port Corporation requests a construction permit for a Harbor Crane and two Clamshell Grabs for use at the Port of Wilmington facility. There is no increase in emissions from the Harbor Crane and the addition of the Clamshell Grabs will not increase the existing permitted emissions at the facility. The facility's existing permits limit emissions of particulate matter (PM) to 25.59 tons/year. Permit # APC-2011/0159-C. A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing by August 29, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1204&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

TITLE V SYNTHETIC MINOR PERMIT APPLICATIONS - Notice is hereby given that Harris Manufacturing Company, Inc. has submitted an application, pursuant to 7 DE Admin. Code 1102, Section 2.1, 11.2.9, and 12.3 for synthetic minor operation permit at 655 W. Glenwood Avenue, Smyrna. Harris Manufacturing Company, Inc. requests a limit for adhesive usage in cleaning and gluing operation. These limits are necessary to restrict Harris Manufacturing Company, Inc. potential to emit air pollutants, and the limit will be enforceable by the EPA and the state. Total estimated emissions from the facility are 80.25 tons per year (TPY) of non volatile organic compound (non-VOC), 5.44 TPY of hazardous air pollutant volatile organic compounds (HAP VOC) and 0.97 TPY of non-HAP VOC. A public hearing concerning the permitting action will not be held unless the Secretary of DNREC receives a request by September 13, 2011. For additional information, please visit:

WATER PERMITTING PROGRAM - The Division of Water monitors, manages and protects Delaware's ground and surface waters, tidal wetlands and underwater lands. The Division is a link to the Delaware Estuary Program, Inland Bays Estuary Program and the Delaware River Basin Commission, and provides centralized computer and geographic information system services. The Division also provides public education and outreach programs. Applications below are available for inspection or copies may be obtained by contacting: Gayle Calder, Wetlands and Subaqueous Lands Section, 89 Kings Highway, Dover – 19901, or by calling (302) 739-9943. A public hearing on the applications below will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received within 20 days of the initial notice.

SUBAQUEOUS LANDS PERMIT APPLICATIONS – The following have submitted applications:

Earl Brooks (Tax Parcel #4-30-23.00-6.04) - To construct a 4 by 30 foot pier and 5 by 20 foot dock in Collins Pond at 20071 Collins Mill Drive, Bridgeville

Robert Baeder (Tax Parcel # DC-17-019.09-02-38.00) - To construct a 4 by 6 foot pier and a 5 by 25 foot dock in Lake Como at 755 Dorchester Court, Smyrna

Richard Zaragoza (Tax Parcel # 334-19.00-61.00) - To install a boatlift on 2 existing pilings in Rehoboth Bay at 11 White Oak Road, Rehoboth Beach

Gregory Stevens (Tax Parcel # 3-34-18.00-49.01) - To install 84 linear feet of stone rip-rap, 50 cubic yards of fill and 420 square feet of vegetative stabilization in Love Creek at Lots 6 and 7, East Lane, Lewes. A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by August 27, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1193&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

SUBAQUEOUS LANDS PERMIT AND WETLAND APPLICATION – The following have submitted applications:

Villas of Bethany West (Tax Parcel # 134-13.00-122.00) - To construct a 4 by 60 foot community wetland walkway, a 4 by 9 foot pier and a 6 by 15 foot dock in the Bethany Loop Canal at the northeast end of Salt Pond Circle, Bethany Beach

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by August 27, 2011. For additional information, please visit:

EMPLOYEE UPDATE:

Effective August 1, John Levins joined the Surface Water Section as a conservation district employee.

Effective August 15, Mindy Anthony joined the Solid and Hazardous Waste Management Section as an Environmental Scientist. Ms. Anthony will rotate through the sections groups learning all different aspects of the Section. While doing this she will be assisting in the implementation of the Section's Beneficial Use Determination (BUD) program.

Effective August 22, Lawrence Matson will join the Solid and Hazardous Waste Management Section as a Hydrologist. Mr. Matson will be the lead hydrologist on the majority of RCRA Corrective Action sites in Delaware.
